

## **Fight against Mixopathy- IMA TNSB**

To,

**The Coordinators, State Office Bearers,  
IMA Branch Presidents & Secretaries, Joint Action Committee members,  
Members & Well wishers, Tamil Nadu.**

Dear all,

Greetings from Indian Medical Association Tamil Nadu State Branch.

Already the first phase of the fight against Mixopathy has gone from 1st to 7th of February 2021 in a very effective manner. We appreciate our Tamil Nadu team who has expressed their fight against Mixopathy in various manners by conducting various awareness programs throughout the state. We also thank the relay bike rally awareness team who are continuing their job to the next phase. We are in the march to the second phase of the fight against Mixopathy from 8th to 14th February 2021, which will not be over until we succeed. We kindly request you all to continue your support and express your solidarity by taking part in the relay fasting which is organised in various designated places as already conducted in the first phase successfully and also by taking part in the relay bike rally awareness against Mixopathy. Our sincere thanks to all Government Doctors Associations, IDA, other specialty association members, paramedics, public, well-wishers who are providing their endless support in the fight against mixopathy. **Let us fight continuously until we get justice.**

On 13th of February 2021 we are only completing the relay fasting at Salem and not the fight against mixopathy and also on the same day we are completing the relay bike rally awareness at Chengalppattu. All of you take part in the grand program and make it a remarkable one in the history of fight against mixopathy which is a clear threat to safety of health care of people. **Join together in the fight against Mixopathy.**

**Dr.P.Ramakrishnan**  
President IMA TNSB

**Dr.A.K.Ravikumar**  
Hony.Secretary IMA TNSB
