

IMA Research Wing & IMA Students Network

# WEBINAR SERIES ON RESEARCH METHODS & BIostatISTICS

October 2021 till January 2022

**Dr. Jayalal**  
Honorable President  
Indian Medical Association

**Integrating research at the heart of all clinical and office based practices, we at Indian Medical Association (IMA) have started a webinar series for medical students on every Tuesday at 8 PM.**

**Topics include all broad areas of health research with an to sensitize and equip medical students for conducting research in their future endeavors.**

**Series will have sessions delivered in 4 months on Tuesdays and occasionally Sundays.**

**We also organize meetings with research gurus (leaders) to motivate young clinicians to take up research under one of their career objectives**

**Faculties will be established and/or mid-career researchers from different medical and research institutions across India/abroad.**

**Webinar series was inaugurated by the President of Indian Medical Association on October 5th 2021.**

**Sessions will be hosted on Zoom platform and recorded sessions will be uploaded on Youtube.**

**On successful completion of the entire webinar series, participants may receive a certificate of participation from IMA**

**Dr. Jayesh Lele**  
Honorable Secretary  
Indian Medical Association

Organizing Chairman

Dr RC Sreekumar
